

## Floating Offshore Wind Intern / Working Student (Internship or Master Thesis)

**Location: Hamburg, Germany | Oslo, Norway | Bergen, Norway**

*Do you want to join a fast-growing technical consultancy with a Green Shift purpose?  
KONGSTEIN's expertise makes us one of the key players in Offshore Wind and Green Hydrogen.*

We are seeking a highly motivated **student** to support our growing Floating Wind Team!

### **About the role:**

As an Intern / Working Student at KONGSTEIN, you will have the opportunity to work on exciting projects in floating offshore wind. Our focus areas include Transport and Installation (T&I) and Operation and Maintenance (O&M) of wind turbines. Each project is tailored to meet the unique needs of our clients and may involve:

- Support of the customer in the development of his project (integration in his team)
- Conducting technical and economic evaluations of concepts for clients
- Participating in internal research projects
- Assessing carbon footprint over the life cycle of Floating Offshore Wind Farms

We are currently looking for a dedicated student to collaborate primarily on a technical study on the carbon footprint of a floating wind turbine. This study provides a unique opportunity to turn into a master's thesis.

### **Your profile:**

- Currently enrolled in Offshore Engineering, Naval Architecture, Renewable Energies or a related field
- Basic knowledge of wind and offshore industry required
- Initial experience in the energy industry (e.g. as student assistant, intern or working student) is an advantage
- Ability to quickly familiarise with new subject areas and to communicate complex issues in a clear and goal-oriented manner
- Passion for solving technological and energy economics challenges, and the creativity to develop innovative solutions
- Fluent in English (written and spoken), other languages (German, Norwegian, Polish) beneficial

### **What we offer:**

- Opportunity for a challenging (compulsory) internship between three to six month or write your thesis
- Enjoy flexible working hours including home-office possibilities  
Become part of a dynamic and cooperative international team that offers you diverse opportunities for personal and professional development and plenty of room for independent and autonomous work in a collegial and trustworthy environment

### **How to Apply**

We look forward to receiving your application as soon as possible. Please submit your resume, motivation letter and other relevant documents to [tm@kongstein.com](mailto:tm@kongstein.com).

If you have any questions or would like to know more about this opportunity, please do not hesitate to contact us at the same email address.
